End-of-Day Dismissal Memo:

We recognize the high congestion of vehicles and movement in our front parking lot during the after-school dismissal time. Our objective remains to maintain safety.

A couple of points of emphasis to consider:

1. With over 100 children exiting the front of the building, please be prepared to exercise your patience. If you arrive at 2:59, it may take you 5-7 minutes to retrieve and exit the premises with your child. Consider arriving closer to 3:03 or 3:04. In this case, you may more easily find a parking spot and still be able to exit the premises by 3:07. This would allow for a shortened span of your time for pick-up.
2. Please avoid parking and exiting vehicles along the grassy lawn and even the curbside sidewalk, as this slows the flow and blocks the view of pedestrian movement on the sidewalks. I do recognize that at 3:01, there may be no other spots available for parking, thus forcing folks to utilize the curbside. Coming a few minutes after 3:00 will eliminate the need to use the curb for parking.
3. When crossing from the sidewalk to the parking lot, please use the designated and marked spots.
4. Please respect that the handicap spaces on the south end of the school are truly designated for those with handicap needs. Please do not utilize these spaces unless you are permitted to do so.

The situation is an ongoing challenge and will continue to be. We appreciate your caution and patience.
