- State testing is wrapping up next week for 3rd-6th Grade. Thank you to the PTO for providing snacks and water for the test.
- PTO Spring Dance is this Saturday, April 23, in the new gym from 6:30- 8:00pm. If you did not RSVP, the cost is \$12 per family at the door.
- The 2021-22 Yearbook will feature elementary composites and collages including class candid, town halls, and the pirate play. Parents, please submit your orders before April 30. An order form can be found on the school website. www.arlingtonlocal.org

Elementary School Counselor Update:

Today, we celebrate Earth Day, which was created in 1970 as a way to invest in our planet. Leading up to Earth Day, students at Arlington Elementary learned about Earth Day as well as different ways to conserve and recycle. Our third graders took it one step further by picking up trash around the school grounds. The biggest takeaway students learned was that they can make the most impact by sharing what they learned with family members. Here are some conservation tips from students at Arlington Elementary:

1. Unplug appliances (like cell phone chargers) when you are not using them.
2. Donate unwanted items that are still in good condition.
3. Turn off lights when you leave a room.
4. Take reusable bags to the grocery store as opposed to using plastic bags.
5. Avoid bottled water in favor of reusable water bottles.
