Thanks for a great Right to Read week! Pictured to the right, is a picture from the Author visit with Dustin Brady! Pictured below is from Mrs. Bishop's class!

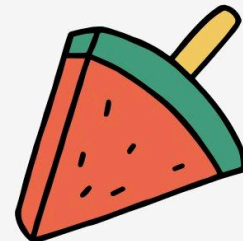

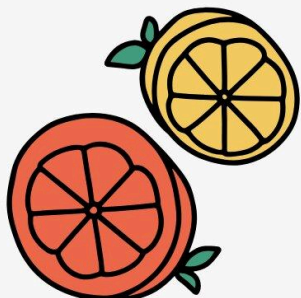

ARLINGTON RED DEVILS

Synergy Sessions: This year, students in grades 1-6 were paired with another class to delve deeper into the first three Leader in Me habits: Habit 1: Be Proactive; Habit 2: Begin with the End in Mind; Habit 3: Put First Things First. These are the “roots” of Leader in Me, and we believe that in order to go forward with the rest of the habits, we need to live these habits every day. For our final Synergy Session of the school year, students worked with their accountability partners to decide what they can do every day to live the habits. Then, each student planted their own tomato plant. If they continue to take care of the plants at home (live the first three habits), the plants will germinate in the next few weeks! These plants symbolize all that we have accomplished this year through the Synergy Sessions.

We want to give an enormous THANK YOU to **Brinkman’s Cannery & Greenhouse** for donating the soil for our project as well as the **PTO**, who funded the rest of the materials we needed to be successful. Our students enjoyed themselves considerably during this activity, and it wouldn’t have been possible without your generous support!

ARLINGTON RED DEVILS

MEET IN THE STREET

KICK OFF TO

SUMMER

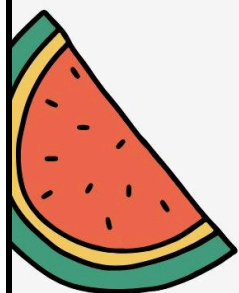

EAST LIBERTY STREET
ARLINGTON
